- Stainless
- Galvanized Steel

11" Sleeve"

30" - 56" Adjustable Sleeve Assembly

- For cases when longer sleeves are needed

### INSTALLING ADJUSTABLE COMPONENTS FOR FAST FIELD FITTING

METFLO® DUCT COMPONENTS ALLOW FOR ENDLESS ADJUSTMENTS TO FIT ANY LENGTH REQUIREMENT FOR YOUR SYSTEM. THE ADJUSTABLE SLEEVE IS RECOMMENDED FOR LONGER LENGTHS, AND THE ADJUSTABLE COLLAR ON ALL FITTINGS IS FOR SHORT, IMPORTANT AND OFTEN TROUBLESOME ADJUSTMENTS BETWEEN PARTS.

**STEP 1:**  
FOR A SLEEVE: CUT A STANDARD LENGTH OF DUCT TO A LENGTH THAT IS SLIGHTLY SHORTER THAN WHAT YOU NEED TO MAKE THE CONNECTIONS.

FOR A FITTING: CUT A STANDARD LENGTH OF DUCT TO A LENGTH THAT IS SLIGHTLY LONGER THAN WHAT IS NEEDED.

**STEP 2:**  
SLIDE THE CUT PIECE OF DUCT INTO FITTING AND USE AN O-RING AND CLAMP TO SECURE THE FIT.

When using the adjustable feature of the elbows and/or fittings, an additional O-Ring must be ordered.
